FLEET ONE COASTAL

INNOVATIVE SOLUTIONS FOR LEISURE

In today's connected world, you want to be able to stay in touch wherever you go. But once you have set sail, that can prove difficult.

Losing signal and getting a slow data connection can make trying to use your mobile phone frustrating. Then there is the risk of roaming on to another network and coming home to the shock of a large bill.

Satellite communications is now an affordable option for checking in with the office or letting the kids update social media and talk to their friends while on board. With the Fleet One Coastal service you need never be without connectivity again.

SEASONAL FLEXIBILITY

Fleet One Coastal has been designed to allow the seasonal flexibility you require at a price you can afford.

The compact antennas have been designed with small motorboats and sailing yachts in mind, and are quick and easy to install.

STAYING CONNECTED

With Fleet One Coastal, you can use the internet and make calls as if you were at home. You can use the standard "plug and play" Ethernet connection for your laptop, or connect

your smartphones and tablets via an optional Wi-Fi router to access apps, so you can keep up with the news and sports results while you are away.

Fleet One Coastal also provides vital assistance with route planning and navigation through weather and chart updates. What's more, it provides peace of mind knowing you can connect to land anytime.

SAFETY SERVICES

Fleet One supports Inmarsat's free '505' safety service, which in an emergency directs a call straight through to a Maritime Rescue Co-ordination Centre (MRCC) – no matter how bad the weather conditions. So you can set sail knowing that your life is in safe hands.

UNRIVALLED RELIABILITY

You can depend on Inmarsat, whatever the weather conditions. We provide the most robust communications links, with average network availability exceeding 99.9%, which is greater than that of any mobile phone provider.

The Fleet One terminal is specifically designed for use within the maritime environment. The terminal has been tested and approved to Inmarsat's exacting standards.

FREE MOBILE APP

- Track your location relative to the Fleet One data coverage regions on your smartphone and tablet devices.
- Map-view showing data coverage region and current location
- Audible and visible alerts when inside, leaving, or outside the data coverage region
- Customisable settings for triggering alerts
- Available in 8 languages
- The app is available on Google Play and Apple App Store.

EASY INSTALLATION

The Fleet One terminal can be quickly and easily installed and set up on your boat.

FEATURES

COST-EFFECTIVE

With Fleet One, you can have performance with flexibility at an affordable price with a choice of airtime pricing to suit your needs. You don't have to commit to a lengthy contract and you can suspend use when the boat is winterised. Alternatively, competitive rates are available on a prepaid voucher with no commitment required.

COVERAGE

Fleet One Coastal is supported by Inmarsat's global network coverage and capability, ensuring you are never out of touch wherever you are.
